Students, congratulations on graduating! Follow these instructions to join in the live student celebration on Zoom with your classmates, which will be incorporated as part of your live streamed virtual graduation program.

1. For optimal viewing, please watch your graduation program on your school’s web page or YouTube. For more enjoyable viewing with your friends and family on the big screen, pull up the link on your smart TV using a web browsing or YouTube app.

2. When prompted during the program, join the Zoom meeting using the link sent to you. You’ll hear something like, “And now, it’s time for the Class of 2021 to toss their caps and celebrate together!” This is your cue!

3. Your audio will be toggled off, but make sure your video is on. Have some fun! Toss your cap, cheers, wave – this is your time to celebrate together. We’ll toggle through screens of 25 students a few times, so you may be on screen more than once – keep the party going!

Curious about how this works? Watch [here](#)
